On

On second-order cone complementarity problem

by

Professor Jein-Shan Chen
Department of Mathematics
Taiwan Normal University

Abstract

In this talk, we will overview recent developments in second-order cone complementarity problem (SOCCP). In particular, we will introduce several popular approaches for solving SOCCP along with a few well-known merit functions. Some further study on SOCCP will be discussed as well.

Date : **10 March, 2008 (Monday)**

Time : **3:00 – 4:30 p.m.**

Venue : **Departmental Conference Room HJ610**
