

Subject Code	APSS225
Subject Title	Human Behaviour and Social Environment
Credit Value	3
Pre-requisite / Co-requisite/ Exclusion	<u>Pre-requisite:</u> APSS222 Introduction to Psychology
Objectives	The subject aims to provide students with an overview of major psychological approaches to the explanation of normal human behaviors and covers basic concepts of abnormality. It is aimed at developing students' insight about the uniqueness of individuals through understanding the principles governing human growth and behaviors and the interplay of heredity and environment in the developmental processes. Students are enabled to be sensitive to and appreciate the importance of applying the acquired psychological concepts in their daily lives, indigenous cultural context, and/or professional practice.
