## Note 1: Intended Learning Outcomes

Intended learning outcomes should state what students should be able to do or attain upon completion of the subject. Subject outcomes are expected to contribute to the attainment of the overall programme outcomes.

### Note 2: Subject Synopsis/ Indicative Syllabus

The syllabus should adequately address the intended learning outcomes. At the same time over-crowding of the syllabus should be avoided.

### Note 3: Teaching/Learning Methodology

This section should include a brief description of the teaching and learning methods to be employed to facilitate learning, and a justification of how the methods are aligned with the intended learning outcomes of the subject.

### Note 4: Assessment Method

This section should include the assessment method(s) to be used and its	relative weighting and indicate which of the
subject intended learning outcomes that each method purports to assess the appropriateness of the assessment methods in assessing the intende	. It should also provide a brief explanation of
