3 January 2017

Certificate of Appreciation to Mr. Sam Cheung
on 23 November 2016

The Department of Building Services Engineering (BSE) of The Hong Kong Polytechnic University (PolyU) was pleased to announce that the Information Technology Services (ITS) Office paid tribute to Mr. Sam Cheung, Technical Officer of BSE in recognition for his contribution in the set-up and implementation of the first Virtual Laboratory (vLab) in PolyU.

Based on the latest Virtual Desktop Infrastructure (VDI) technology, the BSE vLab is one of the University's initiatives to support digital workspaces that meet the smarter, more agile and anytime-anywhere work practices of the PolyU community. vLab is a Windows desktop environment that is stored remotely on servers of the PolyU Data Centres, rather than on one's local PC, for day-to-day BSE student teaching, project work and self-study.

Certificate of Appreciation to Mr. Sam Cheung

Mr. Sam Cheung and Mr. David Chiu, Associate Director of ITS

The Department would like to express its gratitude to Mr. Cheung for his contribution to PolyU, and to commend on his devotion and the excellent service he has rendered.
