A visit by Prof. Eiki Yamaguchi, Kyushu Institute of Technology

2017.08.02

CNERC was honored to have Prof. Eiki Yamaguchi of the Kyushu Institute of Technology visited the CNERC on 2 August 2017. Prof. Yamaguchi is the Vice President of the Kyushu Institute of Technology. He is famous for his research work in structural engineering, earthquake engineering and maintenance management engineering.

Prof. K. F. Chung introduced the background, establishment and positioning of the CNERC to Prof. Yamaguchi. Prof. Yamaguchi was interested in the publications of CNERC and he spoke highly of the contributions of the publications of CNERC to the constructional steel industry. Prof. Yamaguchi also gave some advice to the research students on their research work.

Later, Prof. K. F. Chung and Dr. H. C. Ho accompanied Prof. Yamaguchi to visit the 500kN multi-functional compression testing system in the Building Technology Laboratory. They also visited the Structural Engineering Research Laboratory and the Robotic Welding Laboratory.
