The 5th Standing Committee Meeting of the Seventh China Steel Structure Association, Jiangsu, China
2018.06.02-03

In the morning of 2 June 2018, Ir Prof. K. F. Chung, Director of CNERC and Chairman of HKCMSA together with Mr. Y. K. Pang, Secretary of HKCMSA went to Nanjing and had a technical exchange meeting with Nanjing Iron & Steel Co., Ltd. During the meeting, Dr. Chen Linheng, Vice President of the Nanjing Iron and Steel Research Institute discussed with us on the following topics:

- 1) Design of S690 High Strength Steel
 - a) Application in steel construction
 - b) Apply for National Science and Technology Award by China Iron and Steel Association
 - c) Extend from S690 to S700, and incorporate into Eurocode Specification EN 1993: 1-1
- 2) Research and application of anti-chloride ion rebar
- 3) Production and Quality Control of S960 High Strength Steel

Prof. K. F. Chung having technical exchanged with the team of Nanjing Iron and Steel Research Institute

Prof. Chung presented the CNERC annual report to Prof. Wu and Prof. Shu

In the afternoon of 2 June 2018, Prof. K. F. Chung and Mr. Y. K. Pang visited the Nanjing Southeast University. The Civil Engineering discipline of Southeast University currently ranks first in the country. During the visit, Prof. K. F. Chung met Prof. Wu Gang, Vice President of Southeast University, and Prof. Shu Shuping, Associate Dean of School of Civil Engineering, Southeast University, Director of Steel Structure Research and Development Center of Southeast University, and the members of the Expert Committee of China Steel Structure Association. They had a meeting with the team of the Steel Structure Research, Design, and Development Center of Southeast University that the CNERC was looking forward to have more collaboration with Southeast University in the steel structure field.

Ir Prof. K. F. Chung, Director of CNERC and Chairman of HKCMSA together with Mr. Y. K. Pang, Secretary of HKCMSA attended the 5th Standing Committee Meeting of the Seventh China Steel Structure Association held in Jiangsu, China on 3 June 2018. The meeting was hosted by Jiangsu Huning Steel Machine Co., Ltd. and the President, Vice-president, Executive Director and related personnel of the 7th Council were invited to attend.

Prof. K. F. Chung attended the 5th Standing Committee Meeting of the Seventh China Steel Structure Association and took a photo with Prof. Yueqing Rui (right), Academician of the Chinese Academy of Engineering and President of the China Steel Structure Association, and Mr. Yu Yinquan (left), Senior Engineer of China Architecture Standard Design Institute
