According to the standard of "Notice on the Issuance of the 2017 Guangdong Provincial Engineering Construction Standard Revision Plan" (Guangdong Jianke [2017] No. 2904) of the Department of Housing and Urban-Rural Development of Guangdong Province, the Task Force has extensively investigated and studied the practice with reference to relevant local standards and foreign advanced standards, and compiled the "Steel Structure Construction and Quality Acceptance Regulations". The Science and Technology Information of the Department of Housing and Urban-Rural Development of Guangdong Province held the Review Meeting on Guangdong Provincial Standard "Steel Structure Construction and Quality Acceptance Regulations" on 10 June 2019, and invited experts from the province and Hong Kong to examine the provisions of the

abovementioned regulations. The final draft will be submitted to the National Bureau of Standards for approval by September 2019.

The Review Meeting was jointly organized by China Construction Steel Structure Corp., Ltd. and Guangdong Steel Structure Association, and the experts included:

Prof. Q. G. Xu, Guangdong Institute of Building Science Research Group Co., Ltd.

Prof. L. Wang, Guangzhou Wuyang Steel Structure Engineering Company

Prof. D. Zhou, Guangzhou Rong Baisheng Architectural Structure Design Office

Prof. S. F. Wang, Guangzhou Design Institute

Prof. Y. M. Chen, Guangdong Industrial Equipment Installation Co., Ltd.

Prof. J. Liu, Shenzhen Branch of China Academy of Building Research Institute

Prof. H. S. Li, Qingyuan Quality Supervision Station

Prof. Z. M. Chen, China Construction Steel Structure Corp., Ltd.

Prof. S. T. Wang, Guangdong Provincial Steel Structure Association

Prof. K. F. Chung, Hong Kong Branch of Chinese National Engineering Research Center for Steel Construction

Dr. H. C. Ho, Hong Kong Constructional Metal Structures Association

Discussion on the "Steel Structure Construction and Quality Acceptance Regulations"
