

Outbound student activities for Semester Two of 2021/22

Deputy President and Provost

2021-10-05 11:32

Dear Students and Colleagues,

I am pleased to inform you that outbound student activities for Semester Two of 2021/22 will be resumed. Students who wish to travel abroad for outbound student activities must have received the full doses of COVID-19 vaccination at least 14 days prior to their departure.

Although the University has acquired Group Travel Insurance for students participating in activities outside Hong Kong which PolyU recognises, students are strongly advised to consider purchasing additional insurance prior to travel. Outgoing students are also urged to take extra precautions and follow the health requirements and guidelines of the relevant authorities and institutions carefully. The University will make adjustments to the above arrangement as and when necessary, taking into account the evolving pandemic situation and the Government's relevant measures. If you have any questions about this arrangement, please contact the activity organising unit.

Best regards,

WT Wong

Deputy President and Provost
