

String Art Workshop 絃藝班

String Art has become popular in Europe and the US in recent years. Artists make use of different materials such as nails, string and wooden boards to create different patterns and semi-dimensional designs. Learning string art does not require superb technique or accomplished artistic attainment. You can easily create your own artwork step by step. In class, participants will learn the basic concepts and crafting skills of string art creation.

Miss Kimmy Wong is a young string art artist from Hong Kong. She aims at creating string art with Hong Kong characteristics with a series of Hong Kong-themed artworks.

絃藝是歐美近年流行的工藝美術，使用不同材料如釘、線於木板上絃繞成不同的線條圖案，交織成半立體的畫作。學習絃藝不需要高超的藝術造詣，只需按部就班就能輕鬆造出千變萬化的圖案。學員在課堂中會學習絃藝創作的基本概念、工具使用及製作技巧。

本班導師黃瀉槩小姐，是香港著名絃藝藝術家，一向致力將絃藝術融合香港特色，製作一系列以香港為主題，甚具本土風味的作品。
