The Guqin musical instrument is the second Chinese gem to have been proclaimed as an Intangible Cultural Heritage by the United Nations Educational, Cultural and Scientific Organization (UNESCO). It is viewed as a symbol of Chinese high culture and the instrument most expressive of the essence of Chinese music. The sound of Guqin is deep, tranquil and ethereal and helps to foster character and uphold morality. This workshop will introduce the culture surrounding Guqin, and the techniques of playing the instrument and reading the score, so that participants can better understand and appreciate Guqin music.

Dr Liang Jiyong has practised Guqin music with Lingnan Guqin master Mian Guo and is trained in Guqin authentication and repair. He is currently the director of the Guangdong Guqin Research Association, a member of the Guangdong Musician Association, and the director of the Guangdong Lingnan Guqin Research Institute.

古琴為聯合國認可的人類非物質遺產之一，也是中國存世最悠久，最具有文化內涵的樂器之一。古琴今日已成為中國傳統文化符號之一，特別適合人們內省和修心，在喧囂的城市生活中尋找寧靜的心境。本課程將介紹中國古琴文化，除了教授演奏技巧和讀譜法門外，還講解琴曲欣賞的方法。

梁基永博士師從嶺南派古琴大師謝導秀學習嶺南派琴曲，並學習古琴的鑒定與製造。2004年梁氏負責撰寫第一份嶺南派古琴申報非物質遺產申報書。2010年起又師從古琴名家姜抗生先生，學習北派古琴技法。除演奏之外，還擅長古琴鑒定與古琴歷史整理。現為廣東古琴研究會理事、廣東省音樂家協會會員，以及廣東嶺南古琴研究所所長。
