Internship Dynamics

Location: Wellington, New Zealand

Length: 2 positions between June to August for 6 weeks

Overview on the Organisation

We are an organization that runs After School Care and Fun Holiday Adventure Programmes. We cater for everyone from all walks of life because we believe that it is our diversity that strengthens the service we offer to the communities.

Brief Duties for reference:

We would like to offer an online internship where intern will be involved in activities with the children in our programmes. We offer many challenges in our programmes to encourage growth and natural skills of the children and would like to invite intern to participate in creating and improving the programmes we offer. These are reviewed continuously to ensure we are offering a valuable learning experience. The age group that she will be working with will range up to the age of 13 years.

Also we are currently working on our exchange programme between New Zealand and Hong Kong/ China. Children aged 14 years and up from both countries will have the opportunity to learn about the other countries culture, education and tourism attractions. Intern would be welcomed to join us on this project.

Application Deadline

24th January 2025 (Friday)
