

Internship Field: Engineering/Surveying/Building
Job ID: NZ016

Internship Dynamics

Location: Auckland, New Zealand

Length: 2-4 positions between June to August for 6-8 weeks

Overview on the Organisation

Our system is BRANZ-certified and designed for a wide range of applications, including:

- Residential: single homes, terrace houses, and recladding for leaky properties
- Commercial: light commercial buildings, apartment complexes, recladding for leaky buildings, schools, hospitals, and shopping centers
- Warehouse: new construction and recladding for leaky warehouses

This flexibility allows the system to effectively serve various industry needs.

Duties

- Intern would be in an Assistant Site Supervisor position to get work experience.
- Intern would be assisting our site installation and workshop teams.
- Intern will have office experience.

Application Deadline

24th January 2025 (Friday)
