3fs is a leading engineering and consulting company specializing in the development of world-class digital products for highly regulated industries. We partner with organizations to drive digital transformation and innovation using cutting-edge cloud technologies. With a strong emphasis on DevSecOps methodology, we ensure efficiency, security, and transparency in delivering digital solutions. Our expertise spans across industries such as medtech, fintech, IoT, and telecommunications. During the internship, you'll gain hands-on experience as part of an experienced team with 1-on-1 mentorship. You will have the opportunity to choose your preferred role—Frontend or Backend Developer—and complete a role-specific task. Based on your performance, selected candidates will be invited for interviews.

ADDITIONAL INFORMATION

Deadline for Nomination - 01-Feb-2025
