

To: All Research Students
CC: GS Colleagues
From: Graduate School
Date: 7 September 2022
Subject: Research Student Gathering - 30 September 2022

Dear Students

Since July 2022, GS has organized periodic small group gatherings for research students which received very positive feedback from the participants. Registration is now open for the upcoming gathering to be held on 30 September 2022.

Date: 30 September 2022 (Fri)
Time: 5:00 - 6:00 pm
Venue: Global Student Hub (QT201)

We would like to encourage more peer communications among the student community so that you could get more opportunities to share with one another your research interest, challenges and/or problems. By joining our gathering, you can get acquainted with research students from different background and research group as well as GS staff. University management, internal and external scholars will also be invited from time to time. Social support can make your postgraduate research journey more pleasant.

Please register [HERE](#) on or before **16 September 2022 (Fri)**. Seats are limited and registration will be on a first-come first-served basis.

Regards
Graduate School
