

Dear Research Students

The inaugural Hong Kong Laureate Forum (HKLF) will take place on **13 - 18 November 2023** at the **Hong Kong Science Park**. The Council of HKLF is now conducting a targeted recruitment exercises for young talents studying in the disciplines of **Astronomy, Mathematical Sciences and any related subjects**.

Eligibility Criteria:

- Currently undergraduates, postgraduates, PhD graduates or above
- Attending academic or research disciplines in Astronomy, Mathematical Sciences or closely related subjects
- Age 35 or below

Shaw Laureates and distinguished scientists will spend a week in Hong Kong interacting with about 200 young scientists from around the world, sharing their views, experience and aspirations in various scientific fields. The week of the programme will consist of world-class intellectual seminars, discussion groups, workshops, poster sessions and visits to the latest Hong Kong scientific development projects, universities and institutes as well as cross-cultural social activities.

For more details, please visit the [HKLF website](#). If you are interested to join the Forum, please submit direct application [HERE](#) by **18 December 2022**.

Regards
Graduate School
