

The Cutting Edge Development in Routine Laboratories for Hematology and Urinalysis

Date: 14 June 2010 (Monday)

Time: 6:30p.m. – 8:30 p.m.

Venue: Lecture Theatre N003,
The Hong Kong Polytechnic University

Speakers: Ms Penny Leung (SHK, Sales & Marketing Divisions)
Ms Blenda Wong (SHK, Customer Support Division)

MLT CPD: 1.5 points (Activity Code: 01100011)

OUTLINES OF PRESENTATION

- **Differential Technologies for Hematology Analysis**
 - The most popular Hematology models at Hong Kong laboratories
 - The reason to be popular
- **Evolution in Urinalysis Testing**
 - Emerging role of automated urine analyzer in Microbiology
 - Revolution in urinalysis screening
- Questions & Answers

All are welcome!

Refreshment will be served

HEMATOLOGY
URINALYSIS
