

G2000 (Apparel) Limited

Buying Trainee Program 2022

Company Description

With over 30 years of experience and counting in the apparel retail industry, specializing in career-wear across countries in Asia and the Middle East, G2000 is a perfect starting point for anybody who aspires to blossom in the apparel retail industry. We offer positions across different functions, from apparel design to buying, from merchandising to retail management and more. In G2000 you will be surrounded by like-minded individuals with talent and experience, and their insights will spearhead your growth in the industry like none other! Don't pass on the excellent opportunity to get yourself going in the apparel industry.

Our Trainee Program is a 24-month structured and fast-track Career program designed for fresh graduates and recent graduates within 2 years full-time work experience who aspire to excel into future significant players in our buying divisions. The Program will provide the following in-depth exposures during the exciting journey:

Job Highlights:

- Intensive learning & development of analytical skill and fabric knowledge
- Exposure to SE Asia market
- Fastrack your career progression

Program Details:

- Rotations among core functions under our product groups to understand end to end product development cycle
- Rotations into Merchandising, Product Planning, Design and Retail Operations to understand from strategic level to operation level point of view
- Regional Exposures to overseas and China operations to understand the business landscape on Group level
- Exchange with China Buying team subject to the pandemic situation
- A chance to attend high-level business meetings
- Opportunities to learn from experienced leaders sharing their working experience and practical skills for fieldwork
- Mentoring session from experienced management level
- Ongoing feedback and assessment

Job Duties:

- Follow up shipment with Production team
- Work closely with Design team to formulate seasonal product line
- Assist in Open To Buy plan including GP%, discount rate, inventory level, buffer stock and product strength
- Prepare product review analysis template and public sales period discount batch template
- Assist in sales projection, retail pricing and formulating discount rate
- Maintain Buying Order system and Retail Shop Information System, and input data
- Arrange samples and logistics for buy trip, product review and product seminar
- Prepare regular sales reports and analysis
- Collect feedback from retail shops on merchandising, sales trend, product defect and customers' feedback
- Conduct Market Research on fashion trend and competitors
- Participate in Buying, Merchandising and Production projects
- Attend sales and product meetings

We are looking for:

- Bachelor degree or above in Merchandising, Fashion and Textile, Supply Chain, Business Administration, or related disciplines
- IANG holders are welcome
- Proactive, flexible and adaptive, high learning agility, and able to manage ambiguity
- Strong analytical sense and able to work under pressure
- Strong numerical and logical sense
- Passion in Apparel industry

Benefits & Others:

- Five-day work
- Medical insurance
- Dental insurance
- Life insurance
- Guaranteed and Performance bonus
- Compassionate leave
- Exam leave
- Marriage leave
- Staff discount
