## ABOUT REDRESS

Established in 2007, Redress is a pioneering HK-based NGO working to promote environmental sustainability in the fashion industry. Through our dynamic programmes we work directly with the next generation of fashion designers, industry professionals and consumers in order to reduce textile waste, minimise water and energy consumption and ultimately create a new circular economy for fashion.

Our flagship project, The Redress Design Award, is the world's largest sustainable fashion design competition and works to inspire and educate emerging fashion designers on innovating with circular design principles. The competition puts emerging sustainable design talent in the spotlight, creating a platform for the next generation of designers to cut waste out of fashion.
