

Russell Corp. Far East Limited

Being part of a leading American Company with a family of brands globally, we are one of the Apparel and Hardgoods Sourcing & Product Development Office with the entities at Hong Kong and Asia. To cope with our operational need, we are looking for a Temporary Contractor of Testing Support Assistant based at Hong Kong office with below details.

Testing Support Assistant (Temporary contract or Summer Intern Role)

The primary responsibilities of the Testing Support Assistant in the Hong Kong laboratory are to assist the material testing on bulk and new materials as needed for the material teams at Hong Kong and US offices and to provide the clerical supports in laboratory operations.

Responsibilities:

- Test materials as needed to support the efforts of the Hong Kong laboratory
- Assist on performing testing on special projects, requests, correlation evaluations, etc. as directed by Tech. Services Manager. Provides recommendations for materials not conforming to spec.
- Assist on the Garment Washing test, evaluation and comment to Garment Vendors process.
- Assist Color associate for the color readings & preliminary assessment.
- Provide clerical and data support for the testing records.

Requirements:

- Basic knowledge from Textile Technology or experience in laboratory testing is an asset.
- Strong communication skills and organizational skills
- Competent PC skills
- Chinese and English proficiency

Please note that Russell Corp. Far East Limited is an equal opportunity employer with no discrimination against age, gender, religious, race and lifestyle. We are committed to building a diverse, equitable and inclusive workplace for our employee.
