

As a frontrunner in sustainable garment manufacturing, we at High Fashion Group (HKEX: 608) are steadfastly committed to expanding our business globally. While headquartered in Hong Kong, High Fashion has a business park at Hangzhou, Zhejiang demonstrating our R&D abilities with mills and factory base in several locations, including offshore. This role provides an opportunity to put yourself in a real and commercial context of the fashion industry. You will be working closely with our marketing teams to provide assistance on real-life projects according to the market trend. If you are a passionate individual with a strong fashion sense and garment / textile knowledge, we would love to hear from you.

Position: Design and Product Development Intern (Part-time)

No. of Openings: 2-3

Office Location: Kwai Fong

What you will do...

- Assist our Product Development Managers in the product development process, including fashion design, fabric and trims selection, and product books, presentation and showroom preparations.
- Conduct market research on trend or specific brand customers.
- Work with our sampling and merchandizing team to provide marketing related support
- Maintaining our fabric and garment sample library
- Assist in other ad-hoc duties as required

If you are...

- Academic background in fashion design or textile related disciplines
- Skilled in adobe illustrator. Proficiency in 3D design software is a plus
- Motivated and passionate about fashion, with good sense of responsibility
- Can-do attitude with good team spirit
- With good command of written and spoken English, Cantonese and Mandarin
