Service Project	
What will students do to serve?	Chi Association in Hong Kong. They will be required to use their knowledge and skills acquired in class to help the farmers and the community on agricultural production, including but not limit to vegetable, fruit, mushroom and herb. It is targeted to enhance the efficiency in using various resources, especially on energy, raise in productivity level, reduce in default rate, and to enhance the crop quality and quantity. Students will use computer simulated models, business model, fabrication of agricultural devices and by any other modes or demonstrations, including active involvement in routine farming activities, so as to help and to communicate with the rural farmers and community in need.
Whom will students serve?	NGO Hongchi Association Eco-farm in Hong Kong (for Hong Kong worksite) & Rural community in Mainland China
Where will students serve?	Hong Kong       District: North District         Chinese mainland       Province: SiChuan or other place in South         China       City:         Taiwan       Macau         Overseas       Country:         City:       City:
When will students serve?	Students have to select a preferred rural farming community. Students registered with the worksite in Mainland China shall visit to Sichuan take place in the Winter Term Break and will last for about 7 days. The local service in Hong Kong will take place in selected Saturdays during the semester 1~2.
Fee payable by students	About 1,500 HKD (Tentative) for outbound trip to Mainland China
