Service Project																							
What will students do to serve?	<p>Students are trained to adopt expressive textile arts, fashion creativity and garment prototyping as a caring medium and team up with service recipients to discuss and co-design expressive textile artworks under subject instructors' supervisions. Through guided discussion and hands-on learning, we will provide an encouraging and nurturing space for growth and personal expression.</p> <p>The final prototypes will be showcased in a styling presentation with photo-shooting sessions, in a static exhibition within the university or a public venue. Students will be required to create a tailor-made fashion style for the service recipients according to their special needs. In the case of styling presentation, the service recipients will present their expressive textile artworks by modelling their creations themselves and their personal expressions and inner confidences can be further encouraged.</p>
