Service Project	
What will students do to serve?	<p>The 12-day service learning projects are designed to develop students' generic competencies of innovative problem-solving, teamwork and communication, and enhance students' sense of social awareness, responsibilities and engagement with particular reference to enhancing psycho-social resilience of left-behind children, youth and elderly in disaster-prone areas</p> <p>A brief outline of the proposed 12-day project: Prior to the students going to Cambodia they will be divided into groups/teams and complete a draft of a proposal on creating and implementing a 5-day summer camp programme for children, youth and/or elderly which will include games, activities, and workshops to enhance the participants' psycho-social resilience and as well focus on intergenerational relationships.</p> <p>Day 1-3: Cultural Activities and Workshops (Phnom Penh) These three days will be focused on enhancing the Hong Kong students' understanding and awareness of Cambodia's cultural, social and historical context. It will include for example a visit to the "killing fields" to learn more about Cambodia's history; a visit to a slum area to learn about some of the current social issues in Cambodia; and cultural sensitivity training. After these three days, students will have an opportunity to engage in critical thinking and deep reflection about their experience.</p> <p>Day 4-5: Workshop with Local University Students (Phnom Penh) The Hong Kong Students will be put into teams with the Local University Students to co-facilitate the 5-day summer camp during the service days. On these days, the HK and local students will get to meet for the first time in person and work together to further finalize the activities and agenda for the summer camp.</p>
